

**JOIN THE FLORIDA AHEC SCHOLARS PROGRAM NOW**

# Transform Health Care Together

As an AHEC scholar, you will join a cohort of Florida's 150 best interdisciplinary health professions students for 2 years. The Florida AHEC Scholars Program is a national initiative committed to transforming community health care by preparing the student leaders of tomorrow. Visit [flahecnetwork.org/ahec-scholars](http://flahecnetwork.org/ahec-scholars) or contact Jody Huerta at 954-849-6331 for more information.

**JOIN** degree-seeking health professions students (clinical and non-clinical) who want to work with under-served populations

**LEARN** through online modules about topics that are transforming healthcare like: behavioral and mental health, social determinants of health, quality improvement, cultural competency, and more

**SERVE** medically under-served and at-risk populations through community-based experiential learning assignments

**GAIN** experience working in interdisciplinary teams and developing professionally through mentoring, networking, and certificate programs

**RECEIVE** a yearly stipend and recognition upon program completion

**APPLY ONLINE:** [flahecnetwork.org/ahec-scholars](http://flahecnetwork.org/ahec-scholars) by September 25th, 2020

# Program Components:

The Florida AHEC Scholars Program will provide students with interprofessional learning opportunities focused on building the skills and competencies needed to help transform primary care and improve patient care, especially in under-served communities. Program duration is two to four years, depending on the student's profession. Each year includes 40 hours community-based, experiential, or clinical training and 40 hours of didactic online education.

# Student Eligibility:

- The Florida AHEC Scholars Program is open to students in disciplines that support primary health care services delivery in both clinical and non-clinical roles.
- Only 150 students across Florida will be selected to become AHEC Scholars. Applicants must be enrolled in a health discipline degree that is at least two years in length.
- Applicable disciplines include, but are not limited to: Medicine, Physician Assistant, Public Health, Dentistry, Occupational Therapy, Physical Therapy, Psychology, Nursing, Dental Hygiene, Pharmacy, Social Work, and Emergency Medical Technicians (2-year programs). If you have questions about qualifications, please contact our office.
- Participants must also have access to a computer and reliable transportation.

# Student Benefits:

- Receive a stipend annually
  - \$500 year 1
  - \$1000 year 2
- Professional development
- Conduct student research
- Participate in community-based service learning
- Networking and mentoring opportunities
- Supplemental learning experiences
